

ICADI

February 20 - 23, 2008

International Conference on Aging,
Disability and Independence
Hilton St. Petersburg, Florida USA

Register Online at:
www.icadi.php.ufl.edu

“Advancing Technology and Services to Promote Quality of Life”

ICADI brings together researchers, practitioners, business leaders, consumers, and policy makers to focus on independence-related issues of aging. Maintaining independence and active participation in society in later life is something we all hope to attain. Faced with chronic health conditions or life-long or late-onset disabilities, the ability to socialize, to continue working, to enjoy recreation and leisure activities, and to carry out the activities of daily life can be compromised. Topics covered in this conference include: Assistive Devices, Injury Prevention, Livable Homes and Communities, Robotics, Smart Homes, Telehealth, Transportation, Work and Aging.

Conference Location:

Hilton, St. Petersburg, St. Petersburg, FL (Room Rate \$139/night)

Conference Fees:

Early Registration: \$395 After November 30, 2007: \$495

Important Dates:

End of Early Conference Registration: *November 30, 2007*

Hotel Conference Rate Expires: *December 15, 2007*

Pre-Conference Intensives: *February 20, 2008*

Conference Dates: *February 22 - 23, 2008*
